

About the CMA Certification:

The students of both B.Com (Honors) and M.Com - FA have an opportunity to obtain the certification from US CMA which would make their candidature highly sorted by MNCs in banking and investment banking areas.

The CMA certification is a gateway to a more successful career.

The following are beneficial factors that engulf a CMA -

- Industry relevant and globally recognised professional qualification.
- Higher earning potential, commanding a salary 31% greater than non-certified peers in the U.S. and 61% more globally
- Acquiring new skills, such as strategic insight
- A variety of positions with titles from financial analyst to vice president, and controller
- Access to a growing global network of thousands of professionals.
- A passport to a variety of businesses from multinational corporations to small and midsize firms operating in countries all over the world
- The course also focuses on key technology and data analytic trends affecting the accounting and finance profession. This helps the students in building strategic planning and analysis skills.

Program Structure US CMA is a 2 part exam, namely -

·Part 1: Financial Planning, Performance, and Analytics

1. External Financial Reporting Decisions
2. Planning, Budgeting, and Forecasting
3. Performance Management
4. Cost Management
5. Internal Controls
6. Technology and Analytics

·Part 2: Strategic Financial Management

1. Financial Statement Analysis
2. Corporate Finance
3. Decision Analysis
4. Risk Management
5. Investment Decisions
6. Professional Ethics

Program Training

The trainers from ISDC would provide classroom training for 60 hours for each part, that is, a total of 120 hours for both the papers. The training will be conducted through bulk sessions/master classes.

- Students will be given Becker CMA materials.
