delivering higher  
education especially  
in Life Sciences

## CRA Certification

making students  
industry ready

## TAKE Solutions

Life Sciences Industry  
expertise - technology  
solutions and services

## CRA Certification Programme

# Highlights

### Objective

A collaborative initiative between Manipal University and TAKE Solutions that bridges the gap between industry expectations and academic outcome. Aims to provide students with the practical skills needed for successful careers.

### Strategic Partnerships between:

TAKE Academy of Life science and Leadership (TALL)  
- Life Sciences Finishing school

---

Thoughtsphere - data aggregation / Risk-Based  
Monitoring (RBM) software platform

---

Sollers – leading, globally accredited courses with a  
focus on clinical research, drug safety, data science  
and related disciplines.

---
